Hello Larry,

Installment #3 is currently at the solicitors office being reviewed. Our attorney wanted to review everything for this FOIA before we sent anything out since it has sparked alot of interest.

I am still reviewing records and I am trying to finish this up. It is my top priority. I will reach out to Danielle and see where she is with installment #3. I will let you know early next week.

Thank you! Have a good weekend!

Hi Laura,

Per the Mayor's request, I'm wondering if you can tell me anything more about the

next response and if that's the final, or if there are still partials to come on the RMR FOIA by Glenwood Springs Citizens Alliance?

Thank you!

Mr. Sandoval,

Thank you for reaching out to us and for participating in our call last week in DC. We will send a formal letter soon with specific questions, requests and to set up an additional meeting.

As to the FOIA Request, it is our understanding that the last letter from BLM to Roger Flynn on February 1, 2019 stated, "We are still reviewing additional records that are responsive to your request and will follow with further installments." We believe the BLM should be fully responsive to this FOIA request, and would appreciate your best estimate of when that full response will be provided.

Feel free to give me a call anytime Larry, and thank you again for reaching out.

Thank you

Jonathan Godes

Dear Mayor Godes,

Thank you for your letter dated May 7, 2019 and for the opportunity to participate in the call that you set up last week while you were in Washington DC. Please know that I plan on following up in the coming weeks as I receive more answers to your questions, and that my intent is to maintain an open and positive relationship with the City as my office continues working through various processes related to the Mid Continent Quarry Mine.

As I mentioned at the end of the Washington DC call last week, I'm not sure if there was a breakdown in communication or where it occurred, but I did confirm that our State Office did in fact respond to the Freedom of Information Act request submitted last summer by the Glenwood Springs Citizens Alliance. Specifically, two responses were provided to their representing attorney, Roger Flynn. The first release included 107 pages on December 10, 2018 and the second included 1,727 pages on February 1, 2018.

With both of us being new to our positions, if you have time in the coming weeks, I

would welcome the opportunity to meet with you in person in order to introduce myself and continue developing our working relationship.

Best regards,

Larry Sandoval

Ms. Connell,

Thank you for taking the time to talk with us by phone on May 14th. I wanted to send you the letter we intend to share with Assistant Director Leverette. We had an excellent meeting this morning with Mr. Sandoval and appreciate his transparency and patience with us. We would love to talk with you in person at your office or even show off our town to you next time you are able to come to Glenwood Springs.

Please let me know if you have any questions and thank you again.

Debra
